### WHO IS THE ANARCHIST?

The desperate and frenzied worship pers of gold have been denouncing Bryan and all his supporters as anarchists and charging them with a desire to array class against class and to draw down upon the country sectional strife and dangerous

Never was a charge more mendacious, nor less likely to find credence among the people. Mr. Bryan's campaign has been one of frank, unreserved confidence with the public. He has laid open his heart for the inspection of the whole world. With strength and endurance that seem inspired, he has gone about the country, meeting prejudice and detraction with argument and appealing to reason against passion. Calm in the midst of excitment, brave in the face of threats, he has been an object lesson to the citizens of all the States of the power of truth over falsehood. Never was a charge more mendacious

the citizens of all the States of the power of truth over falsehood.

Hanna is the real anarchist. Finding misrepresentation a failure and fearful that his gold will not be available among the sturdy farmers of the West, he has arranged for hired "counter-demonstrations to be made against Mr. Bryan wherever he appears until election day." In Indiana this week "the Republican managers distributed yellow badges, and urged the McKinley men to mass themselves at all points" where Bryan held meetings, in conformity with "Mr.

selves at all points" where Bryan held meetings, in conformity with "Mr. Hanna's plan."

On the way to Fort Wayne "there were times when the rival crowds were on the verge of riot, notably at Muncie, where ten or fifteen thousand McKinley men stood in the streets, "jeering and hooting at the free silver leader as he passed." At times Mr. Bryan was for ten minutes continuously surrounded by yellow ribbons and Republicans shricking McKinley's name in his face. These hired rufflams were "everywhere loud-lunged and desperatively provocative." And how does Bryan meet these attempts to incite riot and perhaps bloodshed? "The more hostile the crowd, the calmer and bolder he grows."

What do Americans think of this pic ture? It is not drawn by a free silver pen. It does not come from a Democrat. pen. It does not come from a Democrat. It is the work of a McKinley organ and is no doubt a faithful sketch of the scenes enacted in Indiana.

scenes enacted in Indiana.

Is it unjust to brand as an anarchist the man whose brains concocts and whose money pays for this ruffiantly and degrading interference with, free speech, these brutal efforts to provoke r'ot and bloodshed among the peope, these vile attempts to strike down the best safeguard for free institutions—a peaceful, faithful verdict of the citizens in an election?

Does the massion for gold make men

Does the passion for gold make mer mad? Does Mr. Hanna know what he is

If the ruffianly hired demonstrations he is contriving in the West do not end in a riot it wil be remarkable and most fortu-nate. Does Mr. Hanna reflect on the consequences of the disaster he is inviting?

Does it occur to him that a calamity might happen more damaging to the cause of the republic than any of the unfortunate trials to which it had been subjected? The murder of the martyred and beloved Lincoln was a terrible blow but jected: The murder of the martyred and beloved Lincoln was a terrible blow, but it occurred when the mad fury of war still raged through the land, and when the fiercest passions of human nature were aroused. The assassination of Gar-field was a shocking national calamity, but he fell a victim to the hysterical sensouth the left a victim to the hysterical sensitiveness of Republican politics and the emotional vanity of a crack-brained and disappointed Republican place hunter. A blow might be received that falls with greater severity and more damaging effect on free government than either of those terrible afflictions.

those terrible afflictions.

The Democrats would ask no greater favor, would seek no more promising advantage than would be gained by the attendance of every Republican of intelligence and honesty of the country at Mr. Bryan's meetings. His arguments and his appeals to the patriotism of the people would win converts to his views and supporters to his cause from any fairsupporters to his cause from any fair-minded audience. But when Hanna's crowds interrupt free speech, disturb the good order of the meeting and provoke good brain of the heating of Americans riot they disgrace the name of Americans and invite a catastrophe that would throw back for years the cause of republican government all over the world.
